XHD600 - XHD900 Trencher - Parts List

XHD600 - XHD900 Trencher - Parts List

FOREWORD

This document is the property of Avant Tecno Oy and the information contained herein is confidential to the company. The contents of the document must not be reproduced or disclosed wholly or in part, or used for purposes other than that for which it has been supplied, without the prior written permission of Avant Tecno Oy.

This manual has been written in the standard United Kingdom English Language. Avant Tecno Oy accepts no responsibility or liability for customer or any other third party translations of this manual into other languages, or for any incidents arising from such translation.

Avant Tecno Oy operates a policy of continuous product improvement, and actively encourages feedback on user manuals. If you wish to comment on the contents of this manual please send your comments using the feedback form provided. Please copy and complete the hard copy form on the back page of this manual.

SAFETY

Avant Tecno Oy Earth Drill Units have been designed for use with specific Avant Tecno Oy mounting frames, Augers, Auger extensions and Auger wear parts. Provided these are used and maintained correctly, they will provide a safe and reliable method of boring holes in the earth.

Use of this product following unauthorised modifications or repairs, use by untrained personnel, by implementing unsafe systems of work, by making modifications to product supplied or through operation in any manner not intended by Avant Tecno Oy could result in death, serious injury, damage to property or the product itself, and will invalidate any product validation or warranty. Avant Tecno Oy accepts no responsibility whatsoever for such modifications, repair or use.

WARRANTY

Avant Tecno Oy is not responsible for nor will accept any charges for work carried out by any unauthorised repairers. Charges, including those for spare parts, will not be accepted unless they have been authorised in writing by Avant Tecno Oy.

Any goods returned to Avant Tecno Oy by the customer, under warranty or for repair, must be freight paid unless authorised in writing by Avant Tecno Oy.

THE MACHINERY DIRECTIVE

The Machinery Directive 2006/42/EC (formerly 98/37/EEC) provides the harmonisation of the essential health and safety requirements for machinery, through a combination of mandatory health and safety requirements and voluntary harmonised standards. Such directives apply only to products that are intended to be placed on or put into service in the market for the first time.

The manufacturer or the authorised representative must draw up a 'Declaration of Conformity'.

Declaration of Conformity

Where Earth Drill Units are supplied in conjunction with Auger Torque manufactured mounting frames and Augers to form an Earth Drill Assembly, Auger Torque have control over the suitability of the parts supplied. To show this and meet with the lawful requirements of the Machinery Directive a Declaration of Conformity is issued and a CE mark is applied to the assembly.

SYMBOLS AND ABBREVIATIONS

The symbols that follow are used within this publication

Safety Glasses to be worn

Gloves/hand protection to be used

Safety shoes to be worn

Torque Tightening required

Thread treatment required

Refer to Interchangeability Chart

XHD600 - XHD900 Trencher - Parts List

ILLUSTRATED PARTS LIST.

- A The Illustrated Parts List helps the supply procedure and the identification of replacement component parts.
- B The Detailed Parts List is divided into seven columns:
- The first column gives the item number of each detailed part contained in the illustration. An item number prefixed by a (-), shows that the item is not illustrated.
 - The second column gives the part number by which the item is identified.
 - The third column, gives the description of the component. The description will be preceded by one or more dots (●).
 - The fourth column gives the quantity of each item in the complete assembly.
 - The fifth column shows the torque tightening required for the item.
 - The sixth column shows the thread treatment required for the item.
 - The seventh column makes reference to any additional information required for the part or assembly.
- C Only those items with full dots (●) can be ordered as spares. Items with empty dots (eg ●○) are shown only for clarity of assembly and cannot be ordered as spares.

- D When ordering spare parts please quote the serial number of the Earth Drill, which can be identified from the serial number plate on the top of the unit.

NOTE: Avant Tecno Oy will not accept any liability for incorrect parts that may be supplied because an incorrect serial number has been quoted.

The abbreviations that follow are used within this publication

AR	As Required
BSP	British Standard Pipe Thread
cc	Cubic Centimeters
Kg	Kilogrammes
L	Litres
LPM	Litres Per Minute
Mm	Millimeters
Nm	Newton Meters
UNC	Unified Coarse Thread
GPM	Gallons Per Minute
G	Gallons
lbs	Pounds
ft-lbs	Foot Pounds
